One thing in particular we would mention  
in regard to our premium book, and that is that it is not to be read and laid aside but one to which you can refer every  
day in the week. It contains recipes for  
curing many diseases prevalent among  
stock and this department alone will be of  
great value to every farmer.

W. O. Johnson is making preparations  
to leave this country bag and baggage before  
winter comes. He will sell his farm  
implements, stock, etc., at auction on the  
19th inst. and will start for Missouri as soon  
as he can adjust all business matters. He formerly lived in Missouri and thinks  
there is no other place he likes quite as  
well.

Geo. W. Palfrey has purchased the  
Hanson & F. Sh. stock of groceries recently  
seized by creditors. He is making many  
additions to the same and will trade  
in the case of any stores by the first  
of next month. The building where the goods  
were taken—first door south of Pollasky  
Brook street. Mr. Palfrey's many friends  
here wish him abundant success in his  
new venture.

The old school bell clang again once  
more and in answer to its summons the  
festive young Americans of both sexes  
are seen wending their way to the edifice  
where learning abounds in large quantities,  
and if a due amount is not installed into  
each youthful mind we don't know whose  
fault it will be, because it is an acknowl-  
edged fact that Alma has a fine corps of  
instructors in her public schools.

Stanton had another destructive fire last  
week and a score. Three buildings on the  
south side of Main street were consumed  
Wednesday night. Incendiary. Thursday  
p.m. fire was discovered in a warehouse  
near the flouring mills but was extinguished  
in time to prevent much damage. It  
would seem that Stanton was doomed to  
be destroyed by the fiery element. This  
makes the fourth serious fire there this  
year. Better get those water works in  
shape or there may be nothing left to use  
them on.

The indications are that the Lansing,  
Alma & Mt. Pleasant Railway will be  
completed here this fall. The work of  
laying the rails on the graded section from  
Alma to Salt River will commence as  
soon as a delayed car of straps and bolts  
arrives at Alma, and grading will com-  
mence on the section between Mt. Pleasant  
and Salt River within a few days. A  
committee of gentlemen representing our  
citizens are busy setting the right way,  
and soon as that is accomplished the  
company is ready to go on with the work  
and vigorously prosecute it. In  
connection with these railway matters the  
Tribune has much pleasure in noting the  
generosity of many of those interested in  
the completion of the road. In this village  
Harris Bros. and Lester & Upton give  
the right of way free of charge, the  
latter firm contributing about one-half  
mile within the village limits. In Union  
township Messrs. John Frazer and God-  
frey Burkhalter gave free deeds of the  
right of way through their property, and  
in Cox township, Mr. Wm. Atkins was  
equally generous. The generous public  
spirit displayed by these gentlemen is ex-  
ceedingly creditable to them and doubtless  
many other gentlemen interested will  
emulate their example.—Mt. Pleasant  
Tribune.
